About this Project

*We are going to learn how to tell a story using photography! With a group of 3 or 4, you will create or re-tell any story you wish. To tell the story, we will gather photos with our iPads outside and around school. We will then organize and edit the photos into a digital storybook. You can choose to share your story with your classmates.*

Step 1: Brainstorm Story Topics (come up with 3-4 ideas as group, write them down, and circle the idea you choose)
